

SIGN HANGING PROCEDURE/RULES

*****NEW THIS YEAR:**

- Only team banners measuring will be allowed inside the Natatorium. Per the Natatorium's request, the following is required:

Banners should be 6 feet wide by 3 feet high so that they can be matched up when they are hung 2 high. They will need 6 grommets including all four corners and the centers of top and bottom.

FYI: Short Stop can produce these banners for your team within a few days for about \$72.

- All hand made signs must be hung on the outside of the building, under the tents and/or along the fence.

The Procedure for this year will be as follows:

Each team will draw a number (during entry turn in) to coincide with the schedule below. ****NEW THIS YEAR: The banners will be placed behind the blocks by order of receipt. For example, lane 4 will have the first 2 teams, then lane 5, then lane 6 and so on...**

For hand made signs, teams that have their volunteer lists completed and typed and turned in by the deadline will go in the first round of drawing. Those who turn in past the deadline will receive their number based on their order of turning in. This year teams will be allowed to hang TWO signs during their initial sign hanging time slot. The next slot will be used for hanging as many signs as you'd like. If your time runs out, there is a final "free for all" time for teams to hang any remaining signs. You must report to the volunteer in the lobby before entering the Natatorium to hang your signs. Thank you in advance for your cooperation. If you have any questions, please feel free to email (c.espy@infantswim.com) or call me (457-3450).

Thanks!
